Intended for last week

The Sewing Society ladies met at the home of Erick Borgstrom on Thursday.

Threshing has been delayed on account of the cold snap of last week.

Jens. P. Olson departed for B.C. last week, where he will stay

M. W. Brooks has moved onto his homestead here again, after a few months absence. No place like home.

The farmers here are very peaceful and law-abiding and as a consequence there is no racketeering, fighting and other racketeering, and therefore we have so few news items from the Park.

Dame Rumor says there'll be a wedding in our midst in the near future. Keep the ball rolling boys.

The farmers around here would be very glad to see the mail arrive here at the proper time as being behind time causes much inconvenience to everyone.

Mr. Klingfeld and family arrived here from Sherman, Co., Kansas, last week and will settle in our neighborhood at once. They like the country and climate very well and expect to make the Highlands their future home.

A party of surveyors are out here to find the drymen of the town of Wetaskiwin asking for protection of their business by issue of license. On the motion of Cr. Gould, seconded by Cr. McKay that the resignation of the Medical Health officer be accepted. Carried.

Moved by Cr. Gould and seconded by Cr. McKay that the resignation of the Medical Health officer be accepted. Carried.

Moved by Cr. Gould and seconded by Cr. McKay that the resignation of the Medical Health officer be accepted. Carried.

Moved by Cr. Gould and seconded by Cr. McKay that the resignation of the Medical Health officer be accepted. Carried.

The chairman of cemetery and park committee, Cr. McKay, presented a r.p.t. which was as follows:

We the committee on cemetery and parks beg leave to report in regard to cemetery question referred to us as follows:

That the grass has been cleaned off and the remainder of first section surveyed by H. A. Johnson. We also recommend that the 1st section be let after as follows: single graves, \$1.00; single lots, \$1.00; half blocks, \$10.00; whole blocks \$20.00.

We also recommend that a re-burial according to above prices be allowed all purchasers of lots since the town has had charge of the cemetery and would furthermore recommend that more land be purchased for cemetery purposes if possible adjacent to present one.

(Signed) J. C. McKay, Chairman; Cemetery and Park Committee, H. D. Farris. It was unanimously agreed that the committee's report be accepted and adopted.

Moved by Cr. McKay, seconded by Cr. West that Arthur Hamilton's offer of \$30 each for setting up and doing all work complete of each tank, be accepted. Carried.

It was moved by Cr. West and seconded by Cr. McKay and carried that the Secy-Treasurer be authorized to pay the Secy-Treasurer of the Public School District #2, \$14.65 per month for overdrain, \$53.22 for their lumber bill and \$300, a total of \$3,544.27, in account of their demand for school purposes and to the Secy-Treasurer of the Separate School district \$900 in account of their similar demand.

Dr. Walker the medical Health officer for the town then presented his report for the year.

On the motion of Cr. McKay, seconded by Cr. Farris, it was unanimously agreed to pay the following accounts. Total \$1,124.87. Barnhill & Bush, drayage, \$7.50; Geo. H. Robinson, work, \$12.35; J. Utas, work, \$11.25; E. T. Jacobs, hardware, \$3.50; Rosewell Lumber, Co. Ltd., lumber, \$77.91; H. A. Johnson, surveying, \$11.00; Geo. Wallace, mabs, \$4.35; Wm. Fosters Forecasts

Washington, Nov. 28.— My last bulletin gave forecasts of a disturbance to cross the continent Dec. 1 to 5, warm wave, Nov. 30 to Dec. 4, cool wave, Dec. 3 to 7. Next disturbance will sweep Pacific coast about Dec. 8, cross west of Rockies by close of Nov. 3, great central valleys 10 to 12, eastern waves 13, 14. Warm wave will cross west of Rockies about 11, great central valleys 13, eastern states 15.

This disturbance will bring about the usual force to all weather, first, rain till the wave and rainfall have passed eastward and then, when a cold wave and blizzard you will get. It will be a bad one and the very moderate, due like zephyrs, during the first part of the disturbance, will mislead many; they will be caught in a sudden cold wave and severely pinched because they are not sub-tropical. The reader will sub-tropical to this paper and fail to see the warning contained in these bulletins.

I do not expect to give the exact hour nor day that so important weather events will reach you locally, but that cold wave, moving eastward will reach lines drawn from Winnipeg to Lethbridge and Lethbridge to Duluth to St. Joseph, Mo., 14. Burling-ton, Iowa, to Houston, Texas, 15, Toledo, Dayton and Atlanta, 16, Atlantic coast 17.

First half of December will average very much warmer than last half. From near first to middle of month the fall in temperature will be very great with fluctuations between. High temperature waves will pass great central valleys moving eastward near 4, 13, 18, 23 and 31 another cold wave and blizzard blast near 26. First half of the month will have an average of temperature above the last half below normal. Precipitation of the month will be greater than usual.

Northwest Game Laws

At the session of the Northwest legislature just terminated a new game ordinance was passed making certain radical changes with regard to the close season for game. The list herewith attached states the open season for game in the Northwest Territories under the new law:

Mountain sheep and goat, 1st Oct. to 15th Dec.; bighorn, 1st Oct. to 15th Nov.; caribou, moose, elk, wapiti, deer, 1st Dec. to 15th Dec., in other parts of the Northwest Territories. The shooting of females of the above is prohibited.

Ducks, 23rd Aug. to 5th of May; cranes, 1st Aug. to 1st Jan.; rails and coots, 23rd Aug. to 5th May; snipe, sandpiper, plover, curlew, 23rd Aug. to 5th May; grouse, partridge, prairie chicken, 15th Sept. to 15th Dec.; not more than twenty of the grouse family shall be killed in one day or two hundred in a year.

Mink, fisher, marten, 1st Nov. to 1st April; otter, 1st Nov. to 1st May; muskrat, Nov. 1 to 15th May; beaver is protected until 21st Dec. 1938.

The license for non-residents is \$25 for general and \$15 for birds; permits for guests may be had from the guardians on payment of \$100.

The above open seasons are fixed by the new ordinance for the protection of game and include the first date, but no the last mentioned.

Youthful Criminals

Chicago, Ill., Nov. 28.—Chained wrist to twist, their hair matted with dried blood, their clothing covered with dust and dirt, two beardless boys, Peter Niedermier and Harvey Van Dine, sat tonight in the presence of Mayor Harrison and Chief of Police O'Neill calmly confessing to their share in a three months' career of crime, which included nine murders, the wounding of five other men, and a long series of robberies. The two young bandits, neither of whom is over 21 years of age, together with their companion, Emilie Rossi, who is no older, were captured near Liverpool, Ind., yesterday after a fight which they fought against policemen, railroad detective, railroad laborers and farmers. One man was killed, another fatally wounded, and all three of the young bandits were wounded but not seriously.

Thousands of Lives Lost in Typhoon

Victoria, B. C., Nov. 30.—Advice was received from South China by the Athenian of the loss of thousands of lives as the result of the destruction of several hundred fishing junks in a typhoon of Sasebo. The havoc was awful when the gale swept down on the Chinese vessels. Masts were broken, rudders were carried away, sails ripped and general destruction was ripe. For days numbers of disabled junks drifted helplessly alone, their occupants suffering from extreme thirst and hunger. The H. K. K. government leader Sun Yat-sen a number, picked up drift junks and took 122 men of vessels that were abandoned. The Stanley then returned to the rescue for several hundred typhoons fishing off Sasebo when the typhoon came on Nov. 6th. From the Stanley fifty-five disabled junks were seen flying distress signals. Several junks were towed to Hong Kong, and then a third relief cruise was made. Meanwhile three torpedo boat destroyers, the naval water boat Cherub, and a Chinese cruiser were sent out and rescued many. Several hundred men were taken from the wrecked crafts, suffering greatly, some being without food or water from two to five days. Of the four hundred fishing junks at least three hundred are reported disabled sunken and thousands of lives were lost.

A radical change from old methods and prices was announced by the Toronto News this week. The eyes of the newspaper world have been upon the News for the past few months, during which time several departures have been made which have given that paper a wide spread reputation for enterprise and originality. The latest move is to place the news at the price of \$1 a year by mail. Only a deep-founded belief in the future success of the News could lead the publishers to make such a reduction in price. But just as the dollar magazine has taken hold of the people, so we venture to predict, the News will secure a vast and ever-increasing circulation, based not only on the popular price at which it is sold, but mainly upon the intrinsic merits of the paper itself. We have made arrangements which will enable us to club the News with our own paper at \$1.85 a year in advance. Such a combination presents many unique features,—our weekly giving you all the home and district news, and the big 12-page daily keeping you track with events all over the world. Send us your subscription to the News, or if you would like to see the paper first, write us and we will send a sample copy.

C. P. R. Land Sales

The land sales of the Canadian Pacific railway company have shown decreases for several months in comparison with the corresponding months of the previous year. The following table shows the total sales, price per acre and the amount received for October in comparison with October of 1902:

Total sales, 1903, \$5,050 acres; December, 1902, 270,916 acres; December, 1903, \$25,665 acres. Price per acre, 1903, \$42.33; 1902, \$3.52; increase 71 cts.

Amount received, 1903, \$235,011; 1902, \$32,024 (45) decrease, \$176,988.

The favorable feature of this comparison is the increase in the average price per acre. The demand for land in Assiniboia during the month was especially good. During that period 1,200 acres more land was sold than during October of 1902. The price per acre for October of 1902 is \$4.22 for October of the previous year. The prices in the other provinces advanced as well. In Manitoba, for instance, the land sold at an average price of \$4.47 for October of this year, in comparison with only \$2.45 for October of 1902. The price per acre for October of last year in Saskatchewan the price advanced from \$3.98 in October, 1902, to \$4.05 in the same month this year. In Alberta the land sold at an average of \$4.55 in October a year ago and at \$4.11 last October.—Wall Street Summary.
